From: Paul Concannon

Subject: Golden Bay Letter of Reference and Recommendation

Date: July 17, 2006

Mr. Vuong has been a machine shop supplier for Teledyne MEC for the last 7 years for the Teledyne Microwave Electronics Corporation and during this time has performed at an excellence rating level for both quality of machine shop parts and on time deliverables. As a matter of fact, Mr. Vuong and the Golden Bay Team have been in the top 95% percentile during this time frame which is exceptional for a machine shop supplier working on complex tolerances for the Traveling Wave Tube industry.

This letter is to support Golden Bay Machining in their pursuit to machining shop excellence and future business endeavors with other potential customers.

Golden Bay Machining is also a certified Small Disadvantaged Business and has worked with Teledyne MEC on achieving dollars towards goals for the Department of Defense and Small Business Administration. Teledyne MEC appreciates efforts made towards supporting Small Business enterprises.

Cordially,

Paul Concannon
Purchasing Manager
Small Business Liaison Officer
